

# Reclamation Technician

## Position Summary

This position deals with all phases of the screen reclamation cycle: power washing, scrubbing, and rinsing. The Reclamation Technician reports directly to the ProPrint Manager.

The Reclamation Technician is responsible for the beginning and end of the life cycle of a production screen. This position will utilize dip tanks, power washers, and cleaning products to clean, degrease, and prepare screens for reuse.

## Abilities Required

- ★ Be able to lift up to 50lbs.
- ★ Operate power washing equipment.
- ★ Ability to effectively and comfortably communicate with co-workers.
- ★ Ability to work at a very fast pace.
- ★ Be comfortable on your feet for the duration of your shift.

## Specific Responsibilities

- ★ Reclaim screens
- ★ Monitor & maintain screen condition
- ★ Maintain power washing equipment: oil changes, hoses.

## Key Performance Indicators

- ★ Consistently showing up for work on time and putting in extra time when required.
- ★ Reclaim 70-80 screens per day.
- ★ Keep spray booth, floor, and filter drum clean and operable.

## Disclaimer

The above statements are intended to describe the general nature and level of work being performed by people assigned to this classification. They are not to be construed as an exhaustive list of all responsibilities, duties, and skills required of personnel so classified. All personnel may be required to perform duties outside of their normal responsibilities from time to time, as needed.
